

I am concerned about the proposal to give Low Power FM stations a priority over current FM translator service. I am a financial supporter and frequent listener to K-LOVE in Merced, CA. on 91.1 and 88.3. It is wonderful to have a radio station available that is family friendly and positive. So much of the media today on radio and television is inappropriate for my children to listen to. K-LOVE provides entertainment that is uplifting and acceptable for the whole family. It encourages people to reach out to others and care for others. I do not want to see K-LOVE lose its translators to other stations. Please reconsider and do not replace good, quality, family-friendly entertainment with something else. Thank you.
